

Hi im Zevi Weissman 18 years old im from Jerusalem
and i speak both Hebrew and english like mother tongue language
i'm currently studying in ecom college a cyber security course
i'm already studying for 5 months and we learned networks , linux and python
and we are now starting to learn infrastructure
the course is twice a week and we still have 3 months to go
besides that i'm pretty much available so i do a lot of self studying
i'm always looking to learn new stuff and i did some small projects in python on my
own
i would like to work two or three times a week afternoon or night shifts
