

MICHAEL DERI

Cyber Security

➤ PROFILE

As a cyber security student, my CVE focuses on identifying and mitigating vulnerabilities in computer systems and networks. I am passionate about ensuring the confidentiality, integrity, and availability of information and systems. With a strong foundation in security principles and hands-on experience, I am adept at identifying and addressing potential risks to protect against cyber threats. I am committed to continuous learning and staying updated on the latest trends and techniques in the field, enabling me to contribute effectively to the security posture of organizations.
