Eylon Iyov

Cyber Security Student

MY PERSONAL PROFILE

Since a young age I had a passion for technology. I was always enthusiastic about computers and cyber security. After a full army service as a combat soldier and commander, I started taking this passion into reality, and studied cyber security and ethical hacking. I am looking for an opportunity to enhance my knowledge in the field of cyber security and bring my skills to a role I can grow in.

Personal skills

- Fast learner
- Team player
- Analytic mindset
- Organized
- Tech Oriented
- Creative mindset
- Self-Learning
