## TECHNICAL SKILLS

---

### Operating Systems

- Windows
- Linux (Ubuntu, Security onion)

### Forensics

- OSforensics
- CFF Explorer
- Deobfuscators
- Wireshark

### Programming

- Python
- Perl

### Enterprise Technologies

- Symantec SIEM
- McAfee SIEM
- EPO- ePolicy Orchestrator
- IronPort

### Network Security

- Checkpoint IPS
- Checkpoint FW
- Netwitness
- Fortigate
- FortiAnalyzer
- Sourcefire IPS
- Snort
- FireEye
- Algosec

## PROFESSIONAL CERTIFICATION

---

### HackerU College

- Front-end developer

### IDFs ICT school

- Cyber defense course

### John Bryce College

- C defense & attack
- Malware analysis
- Host forensics
- Network forensics
- Python

## EDUCATION

---

### "The academic college of Tel Aviv-Yafo"

2019- Today

- Student in the program of information systems management.

**Languages:** Hebrew Mother Tongue; English Fluent
