

Or Gindi ,**B.Sc. Physics & Neuroscience**

+972-54-9468776 • orgindy@gmail.com

Summary

Responsible, Eager to learn and highly motivated. Looking to work in innovating environment where I could learn and improve myself and others.strong analytical skills as well as experience of working in a research environment. Self -driving and team member.

Education

B.Sc. Physics & Neuroscience - Ben Gurion University of the Negev, Faculty of Science, 2015-2019
Modules include: Quantum Physics of Atoms, Elementary particles and field theory, Condensed matter and statistical mechanics, Neuroscience.

M.Sc. Student Green Engineering with a thesis (2020-2022)

Experience

October 2015 to Current

I took part in University Engineer Projects.

in **MATLAB, Python, Java** and LabVIEW that include lab working and producing reports.

- Experience with image processing methods.
- Modeling of the HH Model and the Ring Model neural networks in **MATLAB** and **Python**.
- University-level understanding of statistics.
- Academic experience in Biological Neural Network Models.
- Strong analytical and problem-solving skills.
- Knowledge in electronics and electric circuits architecture.

August 2010-2013

Israel Defense Forces, **Communication Squad**, 401 Tank Division

I took part in the main Managed and evaluated performance of a team of 3-5 members. Together we Organized and managed the internal networking systems of the entire base and the Combat ready communication systems during operations.

Operated technologically advanced communication and C&C systems. Worked my way up To an officer position without the rank.

Language & Communication

Native proficiency in Hebrew.

Full professional proficiency in English.

General Interest Traveling: Argentina; Brazil; China; Guatemala; Greece; Hungary; India; Italy; Japan; Mexico; Peru; Poland; Portugal; Spain; Thailand; United States of America.

Sports & Activities: Camping; Basketball; Football; Swimming; Video Gaming; tech enthusiastic
