***Leading Cyber Security warfare & Intelligence solutions  
Cyber Security, Cyber, Intelligence & Electronic Warfare Expert***

---

## **General**

A senior army commander Lt Colonel [Res] with an extensive experience from many years' service in the IDF ELITE FORCES OF Electronic & Cyber Warfare. More than 30 years of military professional & practical experience.

Delivers end to end Cyber Security, Cyber warfare & Intelligence solutions. Including Project management, as well as managing 3<sup>rd</sup> parties involved and deliverables. Coming up with innovative ways to solve problems while always staying hand-on whenever necessary.

Working with customers to analyze and define project requirements as well as project planning project execution, and post-sale when necessary to a full client satisfaction.

Taking advantage of my all-around skills and experience to provide superior solutions, including system integration, and a unique "Tailor-Made" solution when necessary.
