Address	Languages		
Holon, Dvora Bertonov 5	Russian: Native	English: Good	Hebrew: Native

Summary

Technologies: Application Security (WAF), Network Security (Firewalls / VPN / IPS / IDS), Basic knowledge Cisco Routers & Switches, ACL's, Forensics: **Traffic & Memory Analysis, DLP systems, NAC.**

Attack Vectors: Social Engineering, **Bypass End-Point Prevention Systems**, Code Injections (SQLi, XSS, XXE, HTML), Server Side & Client-Side attacks, Web App & OS Exploitation, **Brute-Force.**

Debugging tools basic level: / OllyDBG / Immunity Debugger / IDA Pro

Fuzzing: / Spike / custom Python scripts /

Coding: / Python / C / C++ / BASH / JavaScript / PHP / PowerShell /

OS: Linux Debian & RedHat. **MS Servers:** 2003 - 2019, **Clients:** Windows 7-10.

Network Defense Systems: McAfee IPS, **Imperva**, Radware Defense Pro, **Illusive.**

Endpoint protection: Cynet, Palo-Alto (Traps, Secdo, **Cortex XDR**), McAfee EPO, Sentinel One, **Rapid7**, Cymulate, HaXM.

Tools: / Wireshark / **Custom Python & Bash scripts** / Nmap / **Burp Suite** / **SQLMap** / **Metasploit** Framework / Hydra / Responder / SMB-Relay / John / hashcat / Volatility

Education & Certifications

2019	<p>OSCE – Offensive Security Certified Expert CTP - Cracking the Perimeter Course + Certification Exam</p> <ul style="list-style-type: none"> ▪ Advanced web attacks ▪ Backdooring PE Files / AV Bypass ▪ Advanced Exploitation Techniques ▪ Attacking Network Infrastructure
2019	<p>OSCP – Offensive Security Certified Professional PWK – Penetration Testing with KALI Linux Course + Certification Exam</p> <ul style="list-style-type: none"> ▪ Active and Passive information gathering. ▪ Analyzing, correcting and modifying public exploit code. ▪ Conducting both remote and client side attacks. ▪ Identifying and exploiting XSS, SQL injection, and file inclusion vulnerabilities in web applications.
2019	Malware Research & Intro to Reverse Engineering 40 hr.
2018	Forensics – Monitoring & Malware Analysis at John Bryce 40 hr.
2017	Online course – “CompTIA Linux+” at Cybrary
2013-2015	B.Sc. Computer Science at HiT Institute of Technology Holon.

Experience

Discount Bank	March 2019 - Present
Threat Hunter / Red Teamer	<ul style="list-style-type: none"> ▶ Strong technical skills and ability to think like a hackers. ▶ Static & Dynamic Malware Analysis. ▶ Testing of known and unknown techniques to bypass End-Point and Network Security systems. ▶ Internal / External Penetration Testing. ▶ Excellent analytical, risk-assessments, and problem-solving skills ▶ Research of latest hacking activities/security issues, attacks and techniques.
Information Security Analyst	<p style="text-align: center;">2017 - 2019</p> <ul style="list-style-type: none"> ▶ Skilled in testing, maintaining, & troubleshooting computer network ▶ Ability to protect data and network system from cyber attack ▶ Knowledge of banking and financial business procedures ▶ Adept in planning, designing, and implementing information security programs
Alm DutyFree Seller	2013 – 2016
	▶ Mobile Devices & Computers department.
BUG DutyFree Seller	2012 – 2012
	▶ Mobile Devices & Computers department.
Security NCO	2010 – 2012
	▶ Israel Defense Forces - Israeli Navy.
