# Dvir Dabush

Cyber CISO with practical experience

## Summary

**Sela graduate wite experience in:**

- PEN TEST systems (Linux & Windows)
- OSSIM
- SCADA
- Filtration systems and firewalls
- Advanced monitoring and alert systems in the cyber world
- cyber forensics
- Data security and cyber standards
- Final Project: Design + WPF
- Linux and windows
- Web, Mail and DB systems
- Pen test (windows and linux)
- Scada - threats and solutions
- IPS/ IDS
- Kali Linux (Nmap, Zenmap, Nessus)
- Metasploit
- ApateDNS

## Work Experience

**Final project 3 monthes, Sela, Ramat Gan**

October 2021 - Present

**- Stage 1 - Building 4 environments**

Build virtual machine in windows & Linux. We added suspected documents in unexpected locations and navigated to criminal websites.

**- Stage 2 - PEN TESTs**

Implemented manual & automatic PEN TESTs for each environment including reports according to standards and forensics using DEFT.

**- Stage 3 -Basic Hardening for each environment** (Close SSH for root user etc...)

**- Stage 4 -PEN TESTs after basic hardening**

Including trying to bypass the hardenings from stage 3

**- Stage 5-Advanced hardenings by installing Firewall etc...**

**- Stage 6 -Advanced PEN TESTs**

Ran several scenarios of advanced attacks and solutions.

## Education

### **CISO, Sela**

December 2020 - December 2021

Certification studies as an information security officer and cyber warfare (Ciso) at Sela,

Mentored by Dr. Roni Deutsch.

December 2021 - December 2021

### **Bagrut certificate with honors (113)**

Realistic school Bagrut Mathematic 5 points with 96 , Electronics 10 points including practical project.
